HISTORY MAKERS OF S. H. S.

The people seated above are the results of a history making election held in April. They are (left-to-right): Claire Herring, secretary-treasurer; Bob Webster, president; Clara Helton, vice-prsidnt.

It will be the first time, since the beginning of the 6-4-4 plan, that such an election has been held. It is expected that the event will go down in history as the beginning of a tradition surely to continue.

The nomination and election was carried out in this manner: Each of the teacher-counselor sections elected representatives that meet to make up a H-10 Advisory Council. The councilmen then in turn nominated their classes choice of candidates for each office. It is here, we would like to say, that the voting and campaign was carried on like any large election. There were from campaign speech and posters of all sorts to printed ballots which were the pride and joy of the S. H. S. print shop.

Some of the many activities planned and organized by the H-10 officers were a dance to be given at the Pythian Castle, and a picnic and swim party at Oak Park. Another event that we hope to start and continue through the years is an assembly put on by the H-10's for the enjoyment of the lower classes.

So it is these and many other activities that have proved that the event of electing H-10 officers has been successful, and will be in the years to follow.
